How to Order Online

As busy parents it is at times hard to keep up in this fast-paced world, so I have prepared details on how to order your children's photos on your mobile device anywhere anytime. (Ordering using your computer is very similar).

Advertising provided to centre

Your centre has provided you with info via a flyer and online marketing using your online centre's porthole.

Step 1: Log into proofing using password provided in marketing campaign as well as on flyer provided by your centre. (Proofing is activated 48 hrs after photo day).

Step 2: Click on **OPEN** to access your proofing.

Step 3: Mobile device screen view below.

Step 4: Click on Menu in right hand corner of screen. Scroll down + click into your child's classroom menu.

Step 6: Go into menu and go down and click into favourites.

Step 7: Choose the first image that you would like to start ordering from and select shopping basket.

Step 8: You will be prompted to enter your email address into Login Screen.

Step 9: Choose the menu you would like to order from. In this example I have clicked on the *Package menu* and scrolled down to the Moose Package.

In this package you are able to choose 3 images and use two different layouts to make your package.

Step 10: To start click on the size print you would like for the first image (10x8 or 7x5)

Step 11: Add more images (takes you back to your favourites) click on a different image & choose your next size print, repeat process for the 3rd image.

Step 12: Click into view cart and this will take you through to payment window.

Step 13: Once you have filled in all payment details click on submit order.

Step 14: On screen it will come up with your order and copy of this has been sent to your email address. **CLICK ON VIEW RECEIPT** in email.
